THE OFFICIAL NEWSLETTER OF WISDOM COLLEGE

FROM THE PRINCIPAL'S DESK

MR. DAMIEN BARRY

Welcome to the 2024 school year at Wisdom College!

I hope that everyone had a fabulous school holiday break and some quality time spent with friends and family.

The school year has commenced with all students now already well into their timetables, curriculum, sport, music, and learning. Prior to students starting this week, we had a week with all staff together to prep for the year ahead. We did plenty of our own curriculum planning as well as first aid training, Schoolbox updates, and work on various projects.

We now also have a new Art room and some of our classrooms have been refurbished. Plenty of landscaping, repairs and maintenance also occurred during the holidays so big thanks to our grounds and facilities staff.

Our Year 12 graduates from the 2023 school year did exceptionally well. All students attained a QCE – Qld Certificate of Education and many have been accepted into various University courses including Engineering, Nursing, Business and Dentistry.

HEAD OF TEACHING AND LEARNING

MRS. AYSE DOGAN

Dear Wisdom Families,

Welcome back to a new academic school year! It's truly wonderful to witness the enthusiastic return of all our students to the classroom. We've had a fantastic start to the term, with students eagerly immersing themselves in their units of work across all subjects. This week marked the commencement of our Wednesday projects, and it's heartening to see students continuing their projects from the previous term. These endeavors will culminate in a showcase of their achievements during the first week of next term.

Our senior students have embarked on what I would describe as the most challenging yet exciting journey of their school lives. As a senior teacher, it brings me immense joy to witness these students shaping their futures by exploring their unique pathways. I am thrilled to share the outstanding outcomes of our Year 12 class of 2023. All 12 students have successfully received their Queensland Certificate of Education (QCE), and those who applied for university have secured offers. We have aspiring engineers, business professionals, criminologists, and nurses among our graduates, pursuing their dreams at various universities in Brisbane. We are incredibly proud of their achievements and eagerly anticipate hearing about their continued success in the future.

This new year brings positive changes to our teaching and learning methods. We are excited to introduce two new online literacy and numeracy platforms – Writers Toolbox and Math Pathways. These tools have gained recognition across Australia and internationally as some of the best learning resources. We are eager to witness the positive impact these platforms will have on our students' outcomes.

Looking ahead, our Year 3, 5, 7, and 9 students will be undertaking their NAPLAN tests in weeks 8 and 9 of this term. As the dates approach, we will provide you with more information to ensure a smooth and successful testing experience for our students.

We are enthusiastic about the great year ahead and hope to see you at various school events soon. Thank you for your ongoing support in creating an enriching learning environment for our students.

HEAD OF CO-CURRICULAR

MRS. CANAN COSKUN

Dear Wisdom Family

A warm welcome to you all! I hope you have all had a safe and rested break with your families and settling in smoothly into the new term.

It was truly wonderful seeing all the smiling and eager faces this week and welcoming both new and old families back to the College. Seeing the Wisdom Community reuniting is always one of my happiest times of the year. I always feel overwhelmingly excited and nervous for the beginning of a school year as we embark on what is always a truly magical yet fast paced and event filled year!

This year we have planned for some wonderful co-curricular opportunities for our students. From sports and arts programs to service learning and student leadership activities we ensure that all students from Prep to Year 12 are exposed to positive experiences through our co-curricular programs.

One of my roles at the College is to work with the Parents and Friends Committee (P&F) and I really encourage you to consider joining. Your contribution to our P&F is highly appreciated and we need your support in running many of the events and fundraisers which take place during the year. If you think this is something you can contribute to please get in touch with me.

I look forward to working with the wonderful Wisdom Community and excited about the possibilities of the new year.

Wishing everyone a blessed and successful 2024.
